 GroundRubber Solutions™ by West Coast Rubber Recycling

GroundRubber Equestrian

GroundRubber Equestrian is a remarkable rubber granule made from 100% California scrap tires. This amazing product is ideal for both Hunter Jumper and Dressage disciplines; it is designed to provide traction and shock absorption to protect your animal's joints and tissues. Improve your arena's appearance by mixing GroundRubber Equestrian with new sand, or add to existing sand. GroundRubber Equestrian is a long-lasting product that will improve your horse's performance, reduce maintenance, and will remain attractive for years to come.
